music to revive the senses

After playing the Falls Festival and showcasing at Australian Music Week this year.... ANITA GEORGE, another fantastic female singer-songwriter joins in the performances for **SOUL & PASSION** at the Melbourne Fringe Festival...

Originally from Tasmania, Anita George has a unique brand of "sultry blues folk" that has been wowing audience members, venue managers and festival organisers alike.

Anita has won several accolades including beating over 60 entrants to become a grand finalist in the prestigious PBS Fm Festival of Song Competition held at the Corner Hotel in Melbourne in December 2004 and winning valuable recording time as a result. She also impressed judges of the Falls Festival, winning a lucrative spot in the 2004 Falls Festival line-up at Marion Bay over more than 100 other Tasmanian performers and was a grand finalist at the Australian Busking Championships.

"Anita George [Band] make for a splendid blend! Tapping in to everything from beautiful vocals, to harmonica, cello, percussion, guitar** they create an original mix of folk, roots and pop. This 5 piece from Hobart is fronted by the amazingly powerful and melodic Anita George."
